CHURCH HISTORY

1. The first church was founded in 1630 by the Puritans. It was a simple wooden building with a steeple. The church was built on a hill overlooking the town. The church was the center of the community. It was the place where the people gathered for worship and for the reading of the Bible. The church was also the place where the people learned about the world and about themselves. The church was the place where the people found comfort and solace. The church was the place where the people found hope and faith. The church was the place where the people found love and peace. The church was the place where the people found life and meaning. The church was the place where the people found their home.
